ANNEXURE - C**MANAGEMENT DISCUSSION AND ANALYSIS****INTRODUCTION**

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development.

INDUSTRY STRUCTURE:

GDP of India, the industry acts as a gateway for more opportunities. Investment in the construction industry in India, therefore, directly leads to the country's economic development. The Construction industry in India consists of the real estate as well as the urban development segment. The Real estate segment covers residential, office, retail, hotels and leisure parks, among others, while urban development segment broadly consists of sub-segments such as Water supply, Sanitation, Urban transport, Schools, and Healthcare.

By 2025, Construction market in the country is expected to emerge as the 3rd largest globally and the construction output is expected to grow on an average of 7.1% each year. An enhancement in the construction industry will directly have a positive effect on other industries like cement, technology, steel, etc. The development of a nation is recognized through its infrastructure. FDI in the construction department in North India will bring with it new possibilities to uplift the construction industry.

100% FDI in construction development sector under automatic route is permitted in completed projects for operations and management of townships, malls/shopping complexes, and business constructions.

100% FDI in real estate in India is allowed under the automatic route for urban infrastructures such as urban transport, water supply and sewerage and sewage treatment.

OPPORTUNITIES:

The word “potential” is a much over used phrase when looking at India. As we have seen earlier the infrastructure statistics are of such mind – boggling proportions that it could be said that there is a massive potential for the growth of ready mixed concrete industry. However, realizing that potential will take a considerable time as companies come to terms with the unique obstacles presented in the Indian market.

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,000,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30. Favorable valuations make the sector an attractive opportunity. Only 24% of the National Highway network in India is four lanes. Therefore, presents an immense scope for improvement. The regional connectivity scheme (RCS) gives opportunity for development of airports.

India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region.

Our vision is to achieve leadership position in India and explore the opportunities out of India. We committed to building long term relationships based on integrity, performance and value, as well as client satisfaction. To be one of the premier infrastructure companies in India by 2024 executing various vertical of construction activities with the help of its in-house raw material production.

CHALLENGES RISKS & CONCERNS:

➤ **Industry/policy risk:**

The Company's business is highly dependent on road and bridge projects in India undertaken or awarded by governmental authorities and other entities funded by governments. Any change in government policies resulting in a decrease in the amount of road and bridge projects undertaken or a decrease in private sector participation in road and bridge projects adversely affects our business and results of operations. Our business may be affected by changes in interest rates, changes in Government policy, taxation, exchange rates and controls, social and civil unrest and political, economic or other developments in or affecting India.

➤ **Project risk:**

Infrastructure projects involve agreements that are long-term in nature (as much as three years in EPC contracts and around 25 years in Design, Build, Finance, Operate and Transfer (DBFOT) road projects). All long-term projects have inherent risks associated with them and involve variables that may not necessarily be within our control. These include inflation, interest rates movements, liquidity, commodity and oil prices, governance, construction delays, material shortages, unanticipated cost increases, cost overruns, inability to negotiate satisfactory arrangements with joint venture partners, and disagreements with our joint venture partners.

We are increasingly bidding for large-scale infrastructure projects. There are various risks associated with the execution of large-scale projects. Managing large-scale integrated projects may also increase the potential relative size of cost overruns and negatively affect our operating margins. In addition, we may need to execute large-scale projects through joint ventures with other companies, which expose us to the risk of default by our Joint Venture Partners.

- Adherence To Safety & Quality Norms
- Sustainable & Continual Growth
- Teamwork And Healthy Competition
- Concern Towards the Stakeholders
- Deliver Best Service.
- Strong Willingness to Learn.
- Adherence To Values & Ethics

➤ **Company's Diversified Activities**

Drainage Work:

- ❖ Company has been awarded by Gujarat Water Sewerage & Supply Board (GWSSB) for Drainage Work at Khambhat Town amounting to Rs. 23 Cr. which is completed satisfactorily.
- ❖ Company has been awarded by Gujarat Water Sewerage & Supply Board (GWSSB) for Drainage Work at Kapadwanj Town amounting to Rs. 24.69 Cr. which is running satisfactorily.

Method:

We have developed the best SOPs so that the project taken is completed well within time / before time without compromising quality of work.

Material:

We preserve an extensive database for local vendors and others so that no work delays due to material unavailability.

Management:

We are a professionally managed company wherein we follow the best solutions to our business aspects in the most strategic way.

As mentioned,

- We are professionally managed company.

- Our core strength lies in Infrastructural Development.
- We are equipped with the best machines / resources.
- Our Project Team is highly qualified and carries rich experience.
- We believe in sustainable growth without compromising Quality & Safety.

FUTURE OUTLOOK:

With the concern over liquidity there has been a general slowdown in both real estate and infrastructure projects. Many of the high-end residential projects, especially in metro cities, have been delayed.

India is in fast-forward mode and time is of essence. Players like BPOs often want to start operations straight away and have no time to wait. All this is tipping the scales in favor of infrastructure project, and mechanized construction equipment at sites. So, we conclude that the coming years will be moving from the recession to the boom in such a way that infrastructure industry will get booster without compromise.

SEGMENT WISE PERFORMANCE:

The Company is operating only in one sector i.e. Infrastructure Project Activity therefore the segment reporting and performance standard is not applicable to the Company.

INDEPENDENT AUDITOR'S REPORT**To,
The Members of
NAVKAR URBANSTRUCTURE LIMITED
Report on the Audit of the Financial Statements Opinion**

We have audited the financial statements of **NAVKAR URBANSTRUCTURE LIMITED**, which comprise the balance sheet as at **31st March 2024**, and the statement of profit and loss, statement of cash flows, notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report for example, Director's Statement, Key Highlights, Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our Conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF NAVKAR URBANSTRUCTURE LIMITED FOR THE YEAR ENDED 31STMARCH, 2024.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Control Over Financial Reporting (the "Guidance Note") the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial controls and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March,2024, based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India
